

Build AI Pipelines with aiXplain

🌟 Are you passionate about AI?

If you are, then you're in the right place! [aiXplain](#) invites you to be part of an extraordinary project that offers a unique opportunity for you to expand your horizons.

🔧 What's In It for You?

1. Build and document real-world AI pipelines with our state-of-the-art Design tool.
2. Gain invaluable hands-on experience that will make you stand out in the AI landscape.
3. Earn a monetary reward for your unique contributions to the project.

🚀 Why Should You Join?

This is more than just a project; it's a chance to apply your skills in a dynamic, rewarding setting and to make a lasting impact in the AI industry.

Who can participate

- + Students who are 18+ years old
- + Students majoring in Data Science, Computer Science, Machine Learning, Electrical Engineering
- + Technically inclined students with background/experience in AI

Registration

To participate, students must **submit [this form](#) before September 30, 2023**. Once participants submit the form and are deemed eligible, aiXplain will reach out to them with the next steps.

Timeline

The project will run for two weeks in **October-November**.

Tasks

- **First week - Build Pipelines**
 - Design and build up to 10 AI pipelines using aiXplain's interactive drag-and-drop Design tool
 - Add a detailed description for each pipeline
 - Add a short description for each pipeline
- **Second week - Review Pipeline**
 - Review 10 AI pipelines according to the quality criteria that will be provided
- **End of Tasks**
 - Tasks are **complete** when a participant submits 10 pipelines with their long and short descriptions AND completes reviewing 10 pipelines.
 - Participants will be asked to complete a survey at the end of the tasks.

Monetary Reward

- Build a pipeline - \$10 per pipeline
- Review a pipeline - \$5 per pipeline

Support and Resources

- A kick-off call and an online tutorial on the Design tool, detailing the task, guidelines, submission format, quality criteria, and acceptance criteria.
- A dedicated Slack channel to answer questions during the project duration.

Submission and Evaluation

Rewards will be distributed after careful evaluation of the pipelines against the defined acceptance criteria.

For any questions or inquiries, please contact us at care@aixplain.com.

About aiXplain

As a pioneer in democratizing artificial intelligence, aiXplain provides businesses with innovative tools to swiftly build, deploy, and scale AI solutions. Their integrated suite of platforms and models makes sophisticated AI application development accessible to all levels of an organization. With a commitment to excellence and a vision to drive the future of AI, aiXplain is powering the next generation of intelligent business applications.
